Nas passed this morning by the city sommissioners. Commissioner McGiffert presented by ordinance. The work will be rediffered to the south half of the pool, it the part thint is already surfaced with brick liaif of the lake, as ar as one can wade north, has a trick bottom. The edge of the bank round this mornion will be graded own on a slope. The bottom of the lower on a slope. The bottom of the lower on a slope. The bottom of the lower are the degree will be conrected to make a smooth foint. The lope will be surfaced with concrete, parapet about one foot high will un entirely around the lower end of he lake. This will prevent the wish frains from running into the pool.

Bids for the work will be adverlated for at once. No cost estimate Bids for the work will be advertised for at once. No cost estimate will be given out until the bids are in. The city will do the gradiez for the work. Unless it can all be arranged and the work completed before the swimming season, the improvement will not be undertaken this year, Mc-Giffert said. Farts of the lake, near the tower and at the springims board on the west land, are to be deepened. There are shallow places at this point that make diving dangerous except for the more experienced swimmers and those who have learned the lake bottom by diving late it a few times.

# STRENGTHEN BUTCHERS' UNION

Individual Walkouts" at Wolff Packing Company Is Denied.

ing Company is Denied.
The local Mest Cutters and Butcher Workmen's union was strengthened by the addition of 199 new members at a meeting heid at Labor hall last night in stricipation of a new wage agreement and scale to be put in effect by the Wolff Packing company.
Union officials denied there had been any large number of "individual quitters" recently over admitted disatisfaction among the men. L. L. Batterson, superintendent of the plant, also denied a report that "individuals" had quit in any large numbers.

"There was some disatisfaction," said Fatterson, "and we expressed a syllingness to meet the union half way and a new scale is being prepared and will be placed in operation in a short time. With the plant running at a meater capacity we were forced to abandon the old policy of working a slift one half a day and placing the same shift at other work the remainder of the day. That necessarily caused a Jeminad for readjustment of reales and a change in classification of the employees."

the employes."

With the capacity of the plant in-creasing, the number of employes is increasing and many old members of the union owed back dues. Hence, the large number of new and paid up members accepted at the meeting last night, it was explained by labor lead-ours today.
